We agree that 'a positive school's overall ethos provides all members of the school community with a safe and respected environment, and is paramount in obtaining a successful learning environment.' (Department for Education)

We are fully committed to every child receiving the very best education and to ensuring that all pupils reach their full potential in a safe, secure, welcoming and nurturing school environment where everyone is valued equally.

We work hard to maintain a positive ethos where all members of the school community work well alongside each other developing positive working relationships.

We want pupils to come to school to enjoy the meaningful experiences that we offer and where they feel valued and special. We want them to have a sense of pride in themselves and their school.

We want school personnel to see the importance and derive a sense of fulfilment from their work in school but above all we want them to feel valued by everyone in the school community.
