## Friday 5<sup>th</sup> June: World Environment Day 2020

This is a chance for us to think about how we can make people aware of the damage being done to our environment and what we can do to protect it. Can you research it and make a poster to help warn people of the dangers and suggest what can be done to save the environment? Send your teacher a picture of your poster!

Ask an adult to help you send your email! We look forward to seeing your poster in our inbox!
