

Week Beginning: 22/6/2020

Dear Nursery,

This week we are going to find out about light.

How many different lights can you find in your house?

Count how many different lights you have at home.

How many lights can you see outside?

Remember, don't look directly at the sun or shine lights into your eyes.

Ask your family if you can use a torch or even try the torch on your Mummy or Daddy's phone.

Collect some things from around your house and see if the torch light will shine through them. Here are some ideas of things you can try

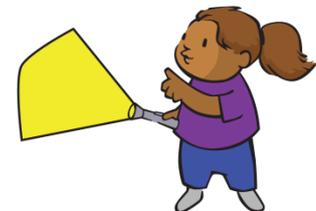

a piece of paper

a sheet from your bed

A piece of toilet paper

What does the torch light shine through? Why does it shine through? Can you find anything else the torch will shine through?

It is going to be very sunny this week so it is a good time to find out about Shadows!

Can you make a shadow with your body in the garden? What happens to your shadow when you move? Can you make a shadow inside? You could try and make some animal shapes your with hands to make shadow puppets.

You could try some shadow drawing. Put a toy on a piece of paper and trace around the shadow. You could then colour the shadow in and make a picture.

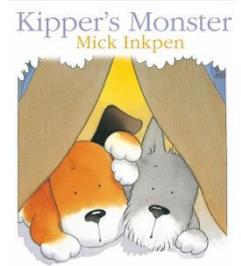

There are 2 stories to enjoy all about shadows. This first story is called 'Kipper's Monster' by Mick Inkpen.

The other book is called 'The Shape of Me and Other Stuff' by Dr Seuss.

We would like you to carry on with your shape hunt. We would like you to look for cuboids in your home, garden or if you go for a walk.

Remember a cuboid has 8 corners, square and rectangle faces and sometimes just rectangle

Cuboids

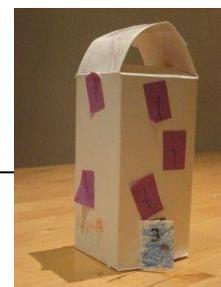

Here are some ideas about what you might find:

Count how many cuboids you can find inside and how many cuboids you find outside.

Ask Mummy or Daddy if you can have some cuboid shaped boxes. What can you make?
