

Week Beginning: 15/6/2020

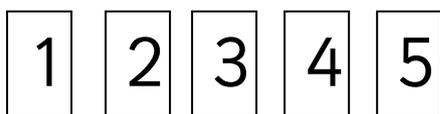

Dear Nursery,

This week we have planned lots of different activities for you to do.

We would like you to practise counting by saying numbers forwards and backwards. If you can say your numbers up to 10 then try to 20. If you can say your numbers all of the way to 20 and back without making any mistakes then you could try counting to higher numbers.

Ask someone in your family to write some numbers on pieces of paper and then see if you can put them in order, going forwards and backwards.

Hide the numbers and ask someone in your family to ask you some questions about the numbers. Here are some ideas for questions

What comes before 5?

What comes after 13?

What comes in between 9 and 11?

What is 1 more than 5?

What is 1 less than 6?

You may remember playing this game at Nursery, it's called Kim's game and it helps you to improve your memory.

How to Play Kim's Game:

- Collect 5 or more objects with your child.
- Hide them under a tea towel or cloth.

- Remove 1 object without showing your child.
- Reveal the objects that are left and ask your child to guess which object has been taken.

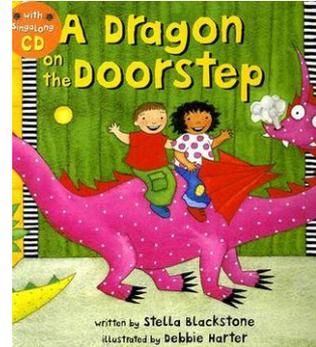

You can play this game with numbers, shapes, letters or even words. Ask Mummy or Daddy to draw the letters on pieces of paper. You look carefully at the letters and then your adult will cover them with a cloth and take one letter away. When they lift up the cloth again you have to work out which letter has been taken away.

We think you will like the story 'A dragon on your doorstep' by Stella Blackstone. You can listen to the story and join in with the song if you click on the links below. When you have enjoyed the story you could play hide and seek in your house with your family, just like the animals and children in the story.

You could ask someone in your family to hide a toy for you. Then when you find it you could use some of these words to tell them where it was hiding.

We would like you to go on a shape hunt this week. We would like you to look for cylinders in your home, garden or if you go for a walk.

Remember a cylinder has 2 circles and it is curved so you can roll it. It has 2 edges but no corners.

Here are some ideas about what you might find:

Count how many cylinders you can find inside and how many cylinders you find outside.

Ask Mummy or Daddy if you can have a cardboard roll, maybe from a toilet roll.

You can make your own cylinder people. If you don't have any cardboard rolls you could make your own by folding some paper or card.

Do you remember doing Yoga at Nursery? Ask your family to follow the link below to find 'Yoga Time'. You can learn lots of new yoga poses as part of a story. It is really fun and very good exercise.

Remember to write your name every day and practise the letters of the alphabet. Here are two more words to read and spell if you can already write your name.

New words for this week:

me	on
----	----

Mum	Dad	it	look	the	in
It	The	and	big	no	is
up	dog	A	a	I	am
like	cat	he	go	day	away
me	on				

Can you make your own sentences with the words? Here are some ideas:

I like the cat.

The dog is big.

Mum is big.

I like the dog.

Numberblocks is a great programme on CBeebies each day at 7.00am. It might be a good idea to start from series 1 on BBC iPlayer or You Tube if you haven't seen any of the programmes before.

Don't forget to keep fit. Have you tried Andy's Wild workouts on:
