Week Beginning: 6/7/2020

This week we want you to make your own school. Collect your toys together and you can be the teacher. Can you read them a story, teach them a song or to play a game. Ask Mummy or Daddy to come to your school, what can you teach them?

Can you make your own band? Collect together some pans, boxes or anything you think will make a nice sound. Find something to hit the pans and boxes with, you could use a wooden spoon or a pencil.

Try and make your own instrument from a cardboard box and some string or elastic bands. You could put some rice or pasta into a plastic bottle or a cup to make a shaker.

Sing your favourite songs and play your instruments!

We would like you to use your foot steps to measure the different rooms in your house. You can even try your garden if you have one.

How many foot steps is the bathroom?

How many foot steps is the bedroom?

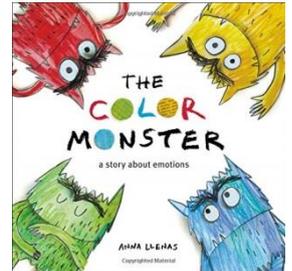

How many foot steps is the kitchen?

Which is the biggest room? Can you write down the numbers for each room? Now ask Mummy or Daddy to count their footsteps. Do they get the same number as you? Why is it different?

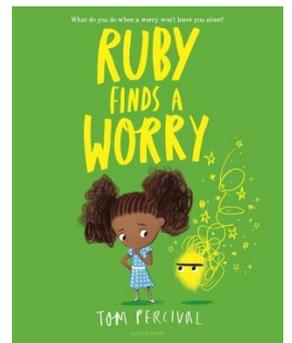

This week we have found some lovely stories about feelings. The first book is called 'The Color Monster' by Anna LLenas

<https://www.youtube.com/watch?v=W6wIEp-M4tg&t=191s>

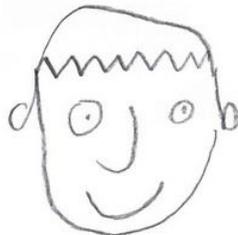

This book is called 'Ruby finds a worry' by Tom Percival.

<https://www.youtube.com/watch?v=VCyiiHI2SJU>

Draw a picture of how you are feeling today.

Can you write a sentence about how you feel? Ask Mummy or Daddy to write it and you copy if you are not sure how to write it

I am happy.

I am sad.

Now that you are getting ready to go to Reception it is important that you learn how to do things for yourself.

You might need to use a knife and fork when you stay for school dinners. Try and use them every day at home, you could even practise with play dough.

This is a fun way to learn how to put your coat on:

- Start at the bottom.
- Put your thumb on top of the button.
- Push the button through the hole and pull it with the other hand

- Use the number packs we gave you to work on your number targets. If you achieve your target just go on to higher numbers. Remember to count the cubes and the spots and match the numbers. You can use anything to count with at home, such as pencils, cars, bricks.

Numberblocks is a great programme on CBeebies each day at 7.00am. It might be a good idea to start from series 1 on BBC iPlayer or You Tube if you haven't seen any of the programmes before.
