## **Grange Park Infant and Nursery School**

- School Admissions Code (DfE)
- Special Educational Needs and Disability Code of Practice: 0 to 25 Years. Statutory Guidance for Organisations Who Work With and Support Children and Young People with Special Educational Needs and Disabilities (DfE) and (DoH)
- Supporting Pupils at School with Medical Conditions: Statutory Guidance for Governing Bodies of Maintained Schools and Proprietors of Academies in England (DfE)

We wish to comply with the Special Educational Needs and Disability Code of Practice: 0 to 25 Years. Statutory Guidance for Organisations Who Work With and Support Children and Young People with Special Educational Needs and Disabilities and with sections 29, 34, 35, 66, 67, 68, 69 and 100 of the Children and Families Act 2014.

We have a duty to provide appropriate SEND provision for children and young people in order to meet their needs. It is also our duty to 'make reasonable adjustments for disabled children and young people, to support medical conditions and to inform parents and young people if SEND provision is made for them.'

We believe it is our responsibility to publish all details of the SEND provision that we have and to work with the Local Authority in compiling and reviewing the Local Offer.

We believe that... 'Children have special educational needs if they have a learning difficulty or disability which calls for special educational provision to be made for them.'

### **Children have a learning difficulty or disability if they:**

Special educational provision is 'additional to, or otherwise different from, the educational provision made generally for children of their age in schools maintained by the local authority, other than special schools, in the area.' (Education Act 1996)

When organising additional support it is very important that we provide children with special educational needs and disabilities (SEND) a broad and balanced curriculum with regular access to all subjects and areas of learning. We believe that children with SEND should not be routinely separated from their class teachers and peers but included as much as possible within their class.

We will ensure that teachers and teaching assistants are prepared for dealing with the challenges and complex difficulties posed by children with SEND by providing structured training on a variety of SEND issues. We believe teachers are responsible for children's learning and that teaching assistants will be used effectively to provide the necessary support for children with SEND within the classroom.

It is our intent to provide every child with the best education possible. Our objective in setting out the school's SEND policy is to make everyone aware that we want all pupils to benefit as fully as possible from the education provided within the school.

We cater for pupils who experience difficulties in: -

- Communication and interaction
- Cognition and learning

## **Grange Park Infant and Nursery School**

- Behaviour, emotional and social development
- Sensory and/or physical and medical conditions

#### **Graduated approach**

We feel it is vital that pupils with special educational needs are identified at an early stage. Every teacher in this school is responsible for identifying pupils with special educational needs.

We will inform parents at the earliest opportunity of the school's concerns and to work in partnership with them to establish the support the child needs.

## **Grange Park Infant and Nursery School**

We will adopt a graduated approach coordinated by the SENDco and using the following four stages of action: **Assess, Plan, Do and Review.**

Parents will be kept well informed of and involved in all four stages.

### **Assess**

- Working with the SENDco and the child's parents an analysis of the child's needs will be undertaken by the early year's practitioner when trying to identify what SEN support is required.
- Support is put into place and is reviewed regularly to ensure that the support is matched to need.
- More specialist assessment will take place if there is no improvement in the child's progress.
- This will be organised by the SENDco with the agreement of the parents.

### **Plan**

- When it has been decided to provide SEN support all parties will decide:
  - The expected outcomes
  - What interventions and support that is required
  - The expected impact on progress, development or behaviour
  - On a review date
- Plans will take into account the views of the child.
- Parents will reinforce the provision by contributing to progress at home.

### **Do**

- The SENDco and Class Teachers oversee the implementation of the interventions as part of the agreed SEN support.
- The early years practitioner supported by the SENDco assesses the child's response to the action taken.
- The SENDCO offers continuous advice on the effective implementation of support.

### **Review**

- The effectiveness of the support and its impact on the child's progress is discussed at the review meeting which is attended by the SENDco, the Class Teacher and the child's parents
- The views of the child are also taken into consideration at this meeting.
- In light of the child's progress and development, changes to the outcomes and support will be agreed by all concerned.
- A cycle of review meetings will continue with all parties attending in order to identify the best way of securing good progress.
- All parties will agree to any specialist involvement if a child continues to make less than expected progress.
- An Education, Health and Care assessment may be requested if a child continues not to make the expected progress despite the amount of support and intervention that has been given.

### **Grange Park Infant and Nursery School**

- If a child has an Education, Health Care Plan the Local Authority must undertake a review annually.
- Detailed records will be maintained by the SENDco which will be available to the child's parents.

#### **Medical Conditions**

We have a duty under the Children and Families Act 2014 to support pupils with medical conditions. We are aware that individual healthcare plans will state the type and level of support required to meet their medical needs.

#### **Record Keeping**

Accurate and up to date records will be kept that provide:

- Evidence tracking data of pupil progress
- Evidence of outcomes and planned next steps
- Details of additional support or different provision made under sen support
- Details of the involvement of specialists
- Evidence of involvement with parents
- Evidence that shows a rigorous approach to the monitoring and evaluation of any sen support provided

#### **Range of Provision**

The school aims to provide a variety of provision by way of:

- In-class support either individually or in small groups with specialist teachers and/or learning support assistants;
- Withdrawal support either individually or in small groups with specialist teachers or TAs

#### **Inclusion**

Every effort will be made to include pupils with SEN into all school activities.

#### **Partnerships**

We believe that a close partnership with parents will enable children to progress. Parents have a key role to play in the partnership between home and school as they have an exclusive overview of the provision needed for the child.

Pupils with special educational needs will benefit from the school's close working relationship with the numerous external support agencies, which offer advice and support.

We feel that the provision for special educational needs in this school will benefit from the close links we have with other schools by the sharing of good practice and in making the transition between phases as smooth as possible for the pupils.

We will:

- Treat all applications equally and we will not discriminate against pupils with SEND;
- Admit those children with special educational needs but who do not have a statement;

- A curriculum which is differentiated to their needs
- A range of teaching strategies to meet their needs

### **Celebration of Achievements**

We will regularly celebrate the achievements of all children not just in literacy and numeracy but in all curriculum areas and in all aspects of school life.

### **Complaints Procedure**

Parents who have a grievance or complaint about the nature or amount of special needs support that their child receives are encouraged to ask for a mutually convenient meeting with the school in order to resolve the issue.

The Local Authority must have in place 'arrangements with a view to avoiding or resolving disagreements between parents and certain schools about the special educational provision made for their child.' (SEND Code of Practice)

### **SEN Information Report**

Annually we will publish information about the implementation of the policy for pupils with SEN which will be set out in clear and straightforward language and easily accessible to parents and young people. The information must include:
